Hi Janette,

We inspected it this morning, it did not show significant sedimentation and appeared to be in good condition. So yes, does not need redevelopment and is included in the work plan.

Thanks,
Tasya

Forgot to ask, how did well A2U look? Assuming it's still in the work plan, I'm guessing it doesn't need to be redeveloped?

Hi Janette,

As discussed last week, I am providing a link below to download our cover letter, referencing the revised project QAPP, the Final Pre-CMS Data Collection Work Plan, and documentation of edits made in response to EPA's comments.

Thank you,
Tasya
